Inpatient and Detox Facility in Hornell, NY

Opened in 2019, our Inpatient and Detox Facility is located at 7309 Seneca Rd. North, Hornell, NY. The site offers a 28-day program.

Detox is provided for opiates through a Buprenorphine taper when clients request complete detox without Medication Assisted Therapy (MAT) or Vivitrol. Detox for a client with opiates who wishes to utilize Buprenorphine as a MAT process is another form of detox that we offer. More monitoring and specific medications are used to ease the client's withdrawal effects. Within the facility, there are 11 female beds and 16 male beds. Once detox treatment is complete, the client is then transported via warm hand-off to a residential program or returns home and continues treatment in outpatient in their county of origin.

Wellness Center Residential in Dansville, NY

The Wellness Center Residential Program is a 26-bed, co-ed 820 residential program that offers services to individuals 18 years and older. It provides an opportunity for individuals to improve their health and wellness so they can live a self-directed life and strive to reach their full potential. The Wellness Center offers three levels of care including stabilization, rehabilitation, and reintegration in a 24/7 structured treatment environment. Services provided to individuals recovering from substance use disorders involve individual therapy, group therapy, and case management services. Nursing services, psychiatric assessment, and mental health counseling are also offered.

Residential Housing in Weston Mills, NY

Willow House is a 20-bed residence program for males and females aged 18 and older in recovery from Substance Use Disorders Mild to Moderate withdrawal management.

P: (716) 373-0021 | F: (716) 373-1710

Hawthorn House, formally Westons Manor, is a 16-bed community residence for men who suffer from chemical dependency and are at least 18 years old. The length of time varies according to residents' progress in treatment. Hawthorn House is fully staffed 24/7. While at the Manor, residents participate in developing their comprehensive recovery plans. Recovery plans are individualized and based on the social, educational and vocational needs of each resident. Residents are encouraged to develop a sober support network and attend seven self-help recovery meetings a week. There are recreational activities available at Hawthorn House and the community.
